

railistics
||||

Railistics is part of a unique international consulting network which provides an exhaustive range of services related to railway transport, operation and vehicles. At our location in Wiesbaden, Germany, we have concentrated our expertise in railway operations, railway management, infrastructure and transport markets.

For our office in Wiesbaden, we are seeking for students with a strong interest in the railway sector to fill an internship position in:

International Railway Consultancy

The selected candidate will be involved in international rail consultancy projects. The details of work content depend on the availability of projects, your knowledge and experience as well as your personal preferences and interests.

If you have already gained a background of rail related knowledge in railway organisation, railway infrastructure and operations, if you are fluent in English and have a basic knowledge of German, your application is very welcome.

The duration of your internship is flexible. A time frame of six months for a master student is recommended, eight weeks for a probationer is possible.

Your work place will be Wiesbaden in Germany. Traveling may be required. We provide adequate financial compensation which is based on your level of expertise.

If you are interested in this opportunity, please contact Mrs Kerstin Esser in Wiesbaden.
